

## Efarming Media Release 5<sup>th</sup> December 2008

### **Efarming and ProFarmer launch new markets page**

ProFarmer and Efarming have developed a one-stop shop for Australian daily commodity market information.

The page will be updated daily by 12.30am WST (2.30pm EST) and includes breaking commodity market news and analysis, best bids for the major grains by major port zone in each state, a grain marketing dashboard with futures, basis and currency, and daily swap bids.

A feed of international commodity futures and currencies is updated four times daily. This service is Free to the user and stay tuned for further enhancements.
